

UF GRADUATE LINGUISTICS SOCIETY

October, 2017

WHAT'S HAPPENING IN OCTOBER?

You don't have to travel far to learn about some of the latest research in the field of linguistics this month. There are an assortment of events including conferences, seminars and more to help promote the department.

We are thrilled that Dr. Stefanie Wulff will be presenting this month's Thursday Seminar on October 12th. She will be discussing how corpus linguistics

can contribute to second language acquisition research.

We are happy to announce that GLS will have its own table at Pop-Up Culture on October 13th. GLS members have many creative ideas to promote the department to students on campus. Some of the ideas involve incorporating name tags written in IPA and a guessing game involving unusual languages, so be sure to drop by.

October 21st will be a fun-filled day from morning until night.

Registration for the Alzheimer's Walk starts at 8:00 am at Depot Park. Please join our team ALL-IN (Aging and Language Labs and Investigators). If you have any question, feel free to contact Joseph Radice (jradice@ufl.edu). Then head over to the Florida Psycholinguistics Conference to attend both oral and poster presentations of linguistics research.

Check out other important dates below to learn about even more upcoming events.

Go Gators!

IMPORTANT DATES
